

ShockMaster C-200

When a therapist performs shockwave therapy it is very important that both the patient and the therapist are being placed in the most comfortable position. That is the reason why we have designed ShockMaster C-200

Characteristics

- 2-section support surface, with an extra long head section
- Original Skai®, metal grey colour
- Cushions with padding of 40 mm
- Central wheel-lifting mechanism with 4 casters
- Electric peripheral switch
- The head section is large enough to support head and shoulders efficiently
- The ergonomically designed facial opening makes it comfortable when lying in ventral position
- The head section is supported by two pneumatic gas springs: maximum stability
- Non slip feet

Article number: 125.201 ShockMaster® C-200
